Hello,

My name is Dale V. and I am an addict. We need your help. In an attempt to unify the state as a whole on the web, we have proposed one statewide representation of Narcotics Anonymous on the Internet

On December 3, 2000 the Michigan Regional Service Committee made a decision to work with the Detroit Metro Region under the direction of a statewide website design coordinator (trusted web servant) on a joint venture statewide, World service approved, official Narcotics Anonymous Website which would contain all of the 18 individual Michigan area websites within it. as well as both regional homepages.

The prototype for the project has already been shown to both regions and received their approval. The next logical step is to offer a position on that committee and a warm welcome to the members within the state who are currently doing the web development for their individual areas.

We have hopes that this would mean an additional website service committee person at the area level of all individual Michigan Areas which could update their area's meeting list, event information etc. We realize that willingness itself sometimes provides it's own challenges and some areas already have this as part of their service structure however, we also need to help our neighboring areas to achieve this any way we can.

We are very excited to be a part of what is happening in NA within the State of Michigan (and cyberspace) and we hope you will help us to carry the message.
